Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner informed Applicant's Attorney that even though the claims are allowed the patent cannot be published because the specification is defective due to numerous figures lacking description. Applicant indicated that the notice of allowance has been received and issue fee is paid and was not sure how to proceed given that 37 CFR 1.312 amendment cannot be filed after payement of issue fee is made. Examiner indicated per MPEP 714.16 d section III if the Office requiers the correction then 37 CFR 1.312 amendment can be filed. Applicant agreed to file the 37 CFR 1.312 amendment with the requested changes to fix the defects in the specification.
